

## DIRECTORIO DE MIEMBROS DE LA UGM 2006

La base de datos de la Unión Geofísica Mexicana, A.C., contiene información general de los miembros así como la información de la antigüedad de sus membresías. En ella, se ha asignado a cada miembro un número de afiliación que permitirá efectuar búsquedas más eficientes acerca de su estatus. La base de datos permite tener, también, un historial por miembro de la asistencia a las reuniones.

Con base en este directorio se efectuarán los envíos de los números de las revistas GEOS y GEOFÍSICA INTERNACIONAL. Por lo anterior, lo invitamos a que verifique si sus datos están correctos y completos y, en caso de que exista algún error u omisión, nos lo haga saber vía correo electrónico ([ugm@cicese.mx](mailto:ugm@cicese.mx)) o por medio de nuestra página (<http://www.ugm.org.mx>). Junto con el primer número de GEOS de cada año estaremos enviando una credencial de afiliación, la cual le permitirá identificarse para recibir precios especiales en la adquisición de los libros y revistas que la UGM edita, así como obtener precios especiales en la Reunión Anual.

Finalmente, agradeceremos que divulgue la existencia de este directorio entre sus compañeros de institución, con el fin de que aquellas personas que por algún error no hayan recibido las revistas puedan conocer su situación.
